

# The Concept, Evolution, and Development Tread of Industrial Parks in China

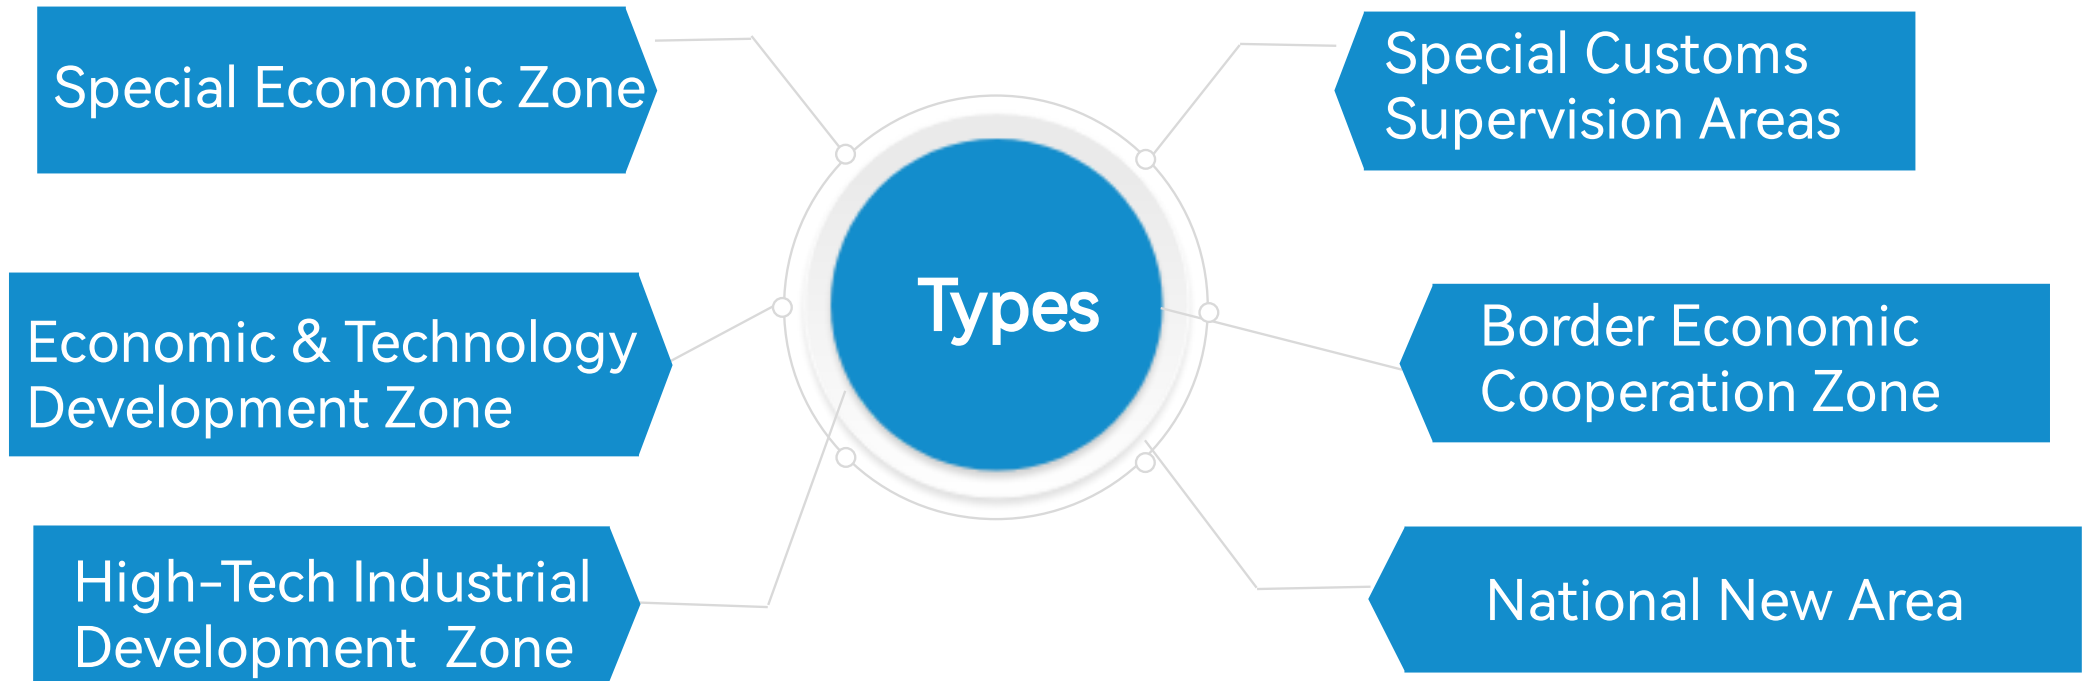

Han Lu  
CAITEC

1

# Concept of Industrial Park

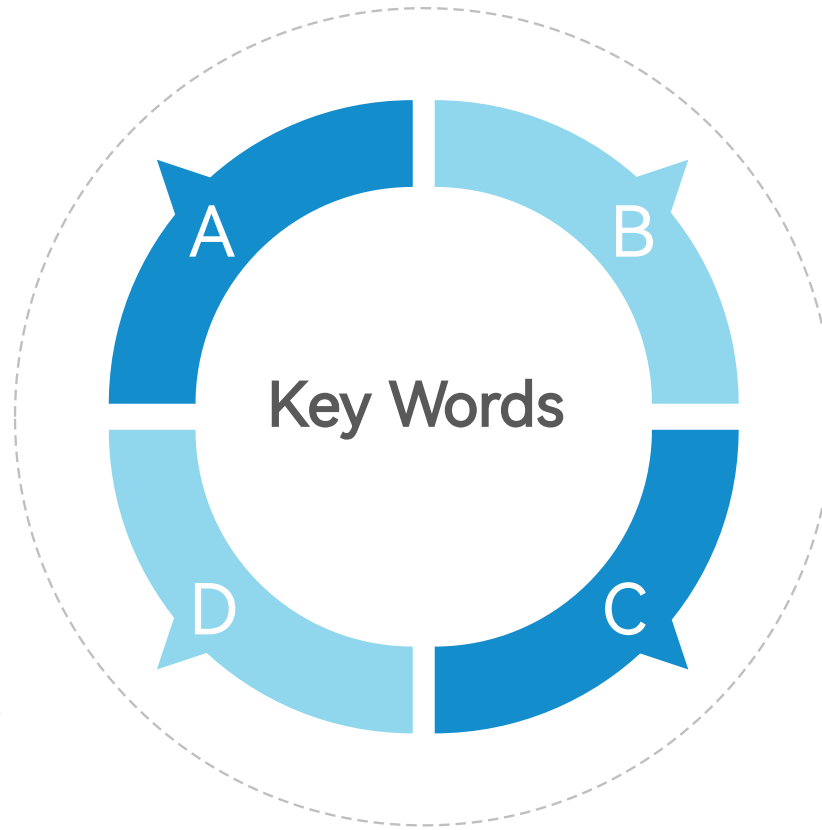

# Major Types

# Characteristics

Located in  
a limited area

Unique  
management  
modes

Comparative  
advantages in market and  
resources

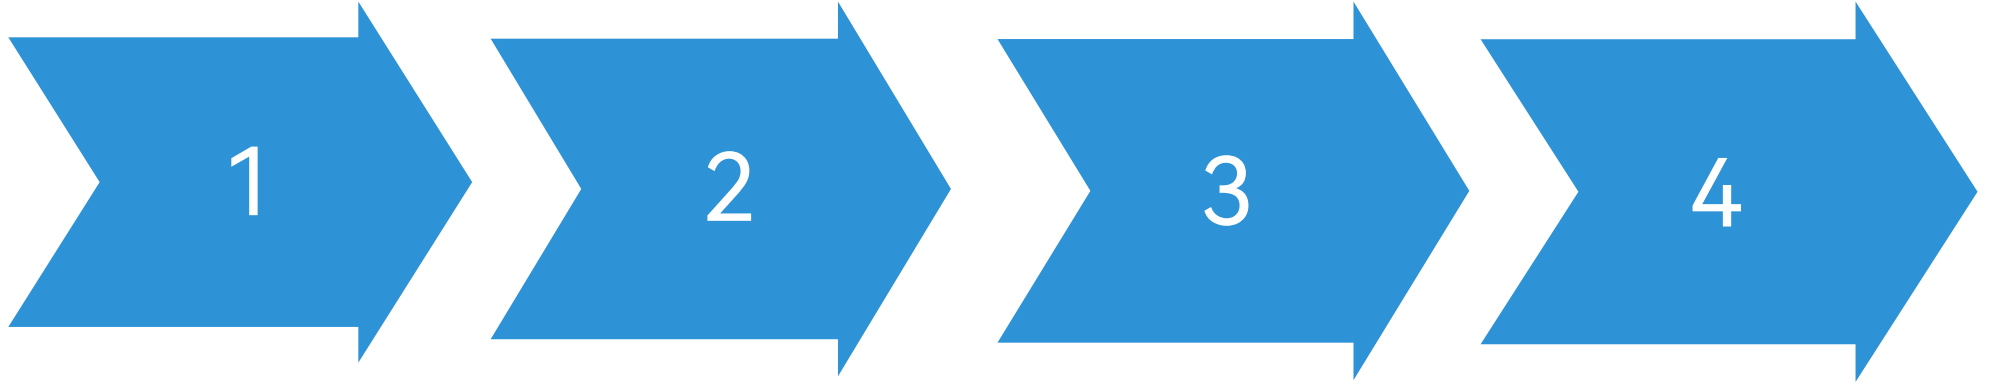

Aiming at  
economic growth

2

# Evolution of Industrial Park

# Four Stages of Evolution

1979-1991:  
Establishment  
and  
Exploration

1992-2002:  
Rapid Growth

2003-2018:  
Maturity

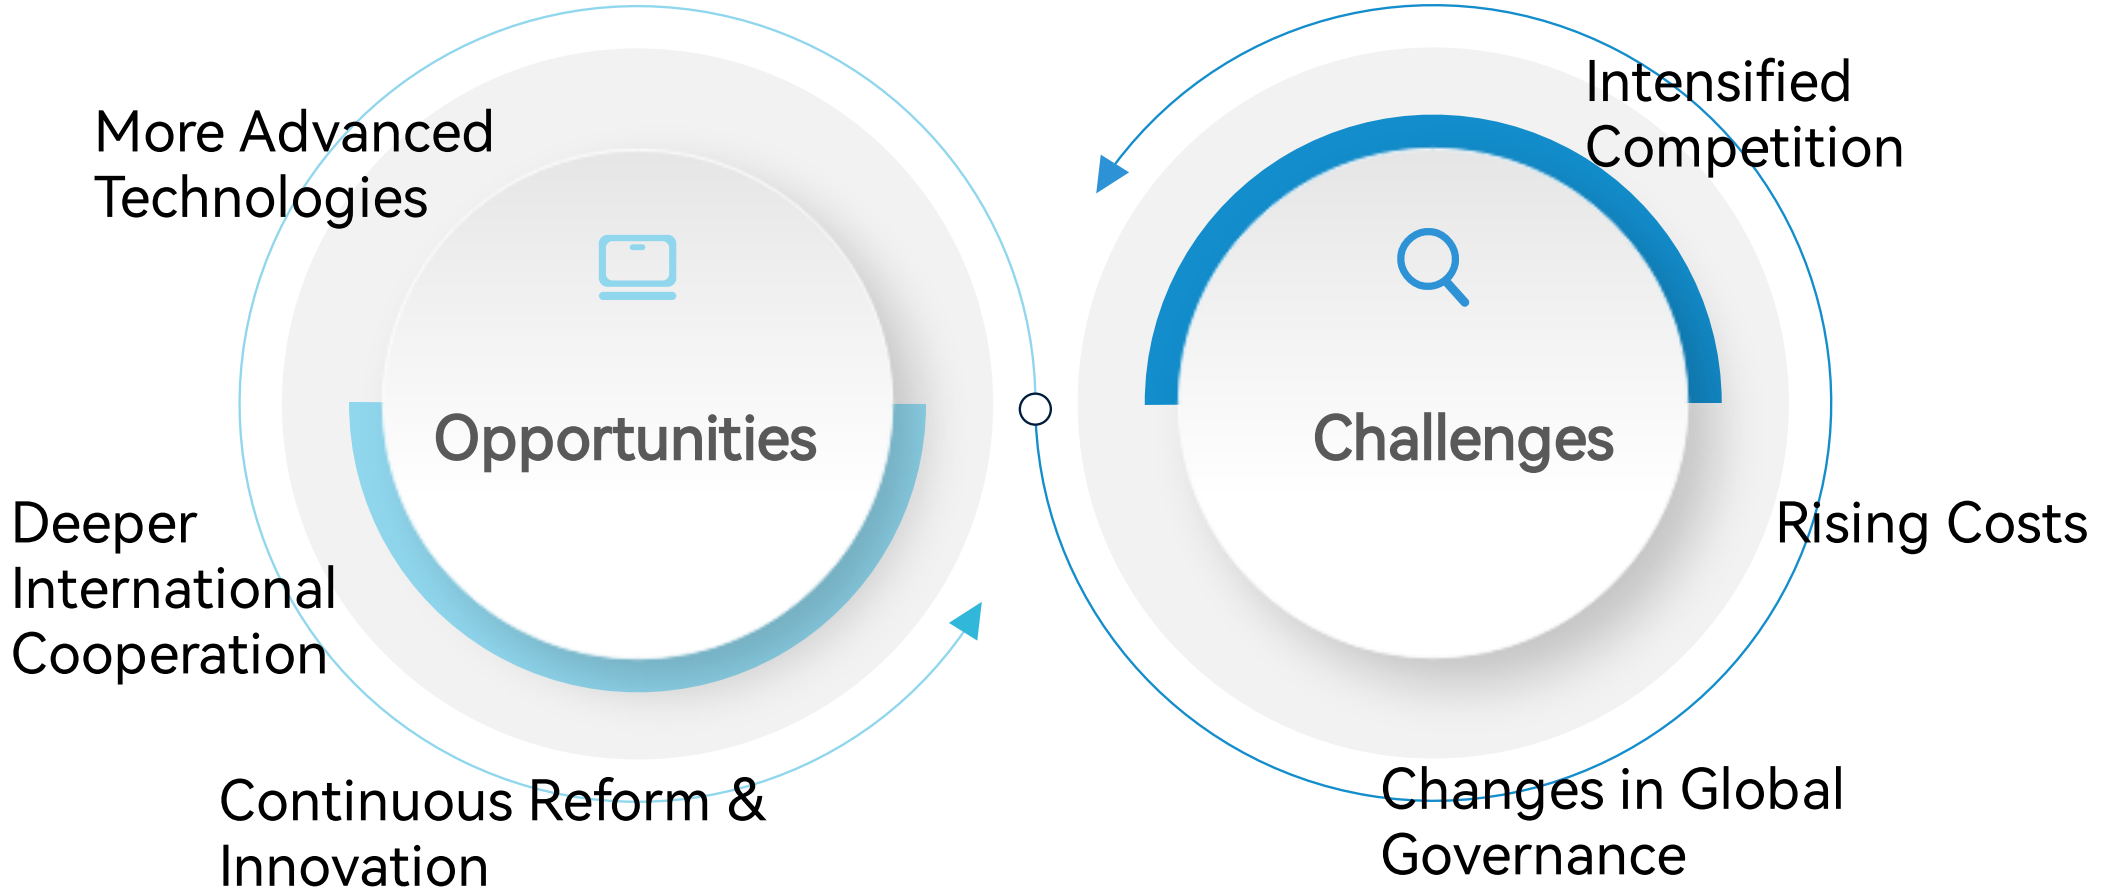

2019 till now:  
Reform and  
Innovation

3

# Development Trend of Industrial Park in china

# Current Situations

# Future Trends

1

More  
Reasonable  
Layout

2

Stronger  
Innovation  
Ability

3

Increasing  
Importance of  
Green  
Development

4

Higher -  
level  
Opening  
-up

5

Higher-  
end  
Industries
